# TIPS & TRICKS

- Would you like to utilise your curls and make it a hassle free hair day? Well we have the answer – try **Joizo Zero Heat**. Air dry, fight frizz and define natural texture, for fine, medium or thick hair.
- Want soft curls without the crunch? Try mixing **Sebastian Potion 9** and **Sebastian Whipped Cream** together into damp hair, either scrunch dry with your hairdryer or leave to air dry for amazing defined curls.
- Do you colour your hair regularly? It's best to use a colour care shampoo to prevent colour fade and your strands from becoming parched. Pureology Hydrate Shampoo is so gentle and moisturising.
- When using the **ghd rise volumizing hot brush**, use the **ghd root lift spray** for heat protection, hold and long lasting volume. Just apply to towel dried hair on the underside of each section, blow dry for added volume and use the ghd rise from the roots rotating upwards for ultimate volume and style.
- **Fudge Aqua Shine Serum** leaves a beautiful smooth shiny finish to your hair. With shine lock technology and weather shield to protect hair from sun and wind and the elements.
- **Wella Oil Reflections Luminous Reflecting Oil** is a great multi-purpose product for conditioning, styling and finishing without weighing your hair down. Adds nourishment and shine.
- Wanting to create the perfect toning product to keep your hair icy cool? Turn your favourite shampoo, conditioner, treatment or cream based styling product into a toner with **Keracolor Violet Toning Drops**. Designed to be rinsed out or left in the hair. 1-3 drops for subtle toning and 4-10 drops for intense toning. Mix product of your choice with the drops in the palm of your hand first before applying to your hair.
- Kids combo – this is a perfect mix to help anyone out whose little one hates their hair being brushed and wont sit still long enough. **Dancoly Kids Tea Tree Detangler** and the **Wet Brush Original** – this combo will make it easier after bath times and in the morning. No more tears, win win!!
