TIPS & TRICKS

- Skip the blow dry this summer with **Joico Zero Heat** air dry styling creme. This time saving creme enhances natural texture, fights frizz and adds shine. Scrunch a small amount into towel dried hair and air dry. Available in 2 formulas for fine/medium and thick hair.
- **Davroe Luxe Leave in Masque** is the ultimate everyday protector. Forms a protective barrier to guard your hair from the elements and colour fade. Can be used on wet or dry hair. Apply before swimming and outdoor activities for maximum protection.
- For Maximum Colour Defence in the summer apply **Juuce Solar Enz** to ensure protection against sun, heat, chlorine, and salt. Anti-heat + UV + humidity protection. Also great to apply before swimming at the beach or in chlorine pools to reduce damage.
- **Eleven Miracle Hair Treatment** is a great product for the summer, due to its sun and uv protection, as well as added moisture, will help with frizz, and heat protection among other things. For a lighter product, the spray is the one for you, but if you're looking for more of a leave in conditioner feeling for dry hair, go with the cream.
- When using Dry Shampoo, apply to your roots then blast with your blowdrier to help soak up excess oil. We like **Wella EIMI Dry Me**.
- Spray your Bobby Pins with Hairspray to give them more grip and stop them from falling out.
- Pony tails are a classic. But pulling your hair up everyday can put unnecessary strain on your locks. Try using our **Twist Ties** they are more gentle on the hair.
- Wet hair breaks more easily when brushed, for this reason it is wise to use a wide tooth comb when detangling damp or wet hair. So try our very own **ECO Combs** recycled and locally made, they come in brights, sparkles and glow in the dark colours.
- Are you worried about your colour fading over summer? **Moroccan Oil Color Complete Protect and Prevent Spray** is a leave in conditioner that prevents colour fade and brassiness. It provides a shield against UV and pollution, while enhancing softness and shine.
- Do you want textured beachy looking hair without a sticky dry feeling? then try **Wella EIMI Sugar Lift spray**, it gives great texture and volume. Can be used in wet hair before blow drying as well as dry hair to refresh your style.
