Repair, Moisture, Volume, Blonde, Smooth

Each pack contains a Shampoo and Conditioner 100ml plus 2 x Treatment or Styling travel sized products.

RRP \$46<sup>95</sup>  
EACH

# TIPS & TRICKS

- The **No. 07 Bonding Oil** from **Olaplex** is a miracle worker! It's a highly concentrated reparative styling oil that increases the hairs shine and softness while also helping with your colours vibrancy. Apply this oil to damp and/or dry hair to minimize flyaways and frizz, while also providing UV and heat protection up to 232°C. What more could you ask for? Also pair with the **Olaplex No 6 Bond Smoother** Cream for added Frizz control for up to 72 hours!
- For heat protection and shine with a nude feeling that smells like melon, try **Sebastian Trilliance**, it will leave your hair feeling soft, looking shiny and smelling amazing!
- Whether its nailing the poker-straight look for the next party or sporting the simple yet effortless look at work, this **Silver Bullet Mini Hair Straightener** is an ideal solution for those wonderful hair days.
- WASH WITH LUKEWARM WATER. SCALDING SHOWERS MAY FEEL RELAXING but the almost-too-hot-to-touch water can actually strip your hair of essential oils, which can leave it feeling drier and looking dull. So next time adjust your temperature.
- KEEP YOUR HOT TOOLS ON LOW OR MEDIUM. When it comes to heat styling it almost always is not necessary to turn your tools to the highest setting. Keeping your tools on the low to medium temp setting will get the job done just as well, and without causing nearly as much damage to your strands. Don't forget always use a heat protectant. Try the **Joico Iron Clad** which can be used on wet and dry hair .
- If your hair is getting brassy and dry over the summer months, mix some of the **Keracolor Violet Toning Drops** with your favourite hair treatment, to tone the gold and add moisture all in one go. 1-3 drops for subtle toning results, or 4 - 10 for deeper toning.
- Is your hair damaged or dry? **Wella SP Perfect Hair** is a lightweight leave in conditioner. It helps to repair dry and damaged hair while protecting your hair from heat styling and future damage. It smooths the hair cuticle and is anti-static. Tip: If your hair is very damaged make sure you use this product with a repair shampoo and conditioner.
- HAIR CARE TIP: USE A WIDE-TOOTH COMB ON WET HAIR. It's a fact, wet hair breaks more easily when brushed. For this reason, it's wise to use a wide-tooth comb when detangling damp or wet hair and also to be as gentle as possible while doing so. So come in and grab your NZ made wide tooth **Eco Comb**, made from 100% recycled plastic from our instore recycling bins :)
