## TIPS & TRICKS

- Finally, for all those **Olaplex fans**, **Olaplex No.5P Conditioner** a toning conditioner to go with the Olaplex No.4P shampoo or use on its own for milder toning on clean, damp hair. Leave 3 minutes, rinse and style. Use once a week or as needed. Tones, hydrates, softens, detangles and brightens with Olaplex (patented) Bond Building Technology
- Salt sprays are the 'Must Have' product for this summer. Several to choose from... great for lightweight texture for waves or curls, air-dryer or diffuser or a laidback beach feel. Keeps the hydration factor going and some come with UV protection so great if you're at the beach all day
- Let **Angel En Provence** help you look after your little one's hair this summer and always. The products consist of a **Kids Tea Tree shampoo**, **Kids Tea Tree conditioner** and a **Kids Tea Tree detangler**. They are all 89% organic and contain no sulphates, parabens, or petro chemicals and are made especially for young children
- Come in and check out our extensive range of hair brushes and accessories. From the **happy hair brush** for smooth shiny hair to hair clips, hair ties and clip in extensions
- It is summertime and humidity is high. When humidity is high more water enters the hair resulting in frizzy, dry hair. Try **Schwarzkopf Bonacure Frizz Away** Shampoo, Conditioner, Treatment and Smoothing Oil for nourished, smooth, shiny, frizz free hair
- To prevent a texturizing or surf spray from turning hair dull, mix it with a few drops of **SP Luxe Oil** in your palm and then rake it through your hair
- Healthy hair holds colour longer, so do a weekly deep-conditioning **SP Luxe Treatment** to keep yours vibrant and shiny
- The 3 S's, Sun, Surf & Sand dehydrates your hair in so many ways so go ahead and stop this from happening to your hair this summer with **Eleven Miracle Hair Treatment** or **Miracle Spray** and make it 3 P's this season Pump, Prevent & Protect
- Summertime means more time outside in the sun. Did you know that the sun's UV rays can affect the overall structure of the hair weakening it reducing its elasticity and ability to hold moisture and colour. We recommend using a leave in product with UV protection such as **NAK's Ultimate potion serum** with Coconut oil and Aloe Vera. Simply apply into shampooed and conditioned hair evenly and continue with your normal styling regime.
