## TIPS & TRICKS

The perfect summer essential – **Davroe Luxe Leave-In Masque** is the ultimate everyday protector, shielding hair from sun and surf damage while providing colour protection. Perfect for kids and adults. P.S. apply liberally before swimming to guard against chlorine damage.

Try **Metal Detox by L'Oréal** – an excellent regime to prep and maintain colour treatments. It neutralises metal build-up such as copper and iron from hard water, prevents breakage and colour fade after colouring services, and maintains brilliant shine.

We have **Purple** – a tone-correcting serum/treatment by **Moroccanoil** for blonde, lightened or grey hair. Lightweight and rich in argan oil, it delivers shine, manageability and long-term conditioning. Use 2–3 times a week on damp or dry hair and choose from two handy sizes.

With warmer weather in play, hair sunblock products are a must. **Eleven Miracle Hair Treatment Cream** is a leave-in conditioner with UV filters.

Having a bad hair day and no time to fuss? Pick up a **Claw Clip** from one of our stores. Super fun and easy to use, with plenty of TikTok and YouTube tutorials for quick up-dos that look professionally styled. Available in lots of colours and designs—at such a great price, grab one for every day of the week.

Is your hair colour fading in the summer sun? Try **Keracolor Color + Clenditioners** to refresh, colour and tone hair in just 3–20 minutes, while conditioning and moisturising during hot days.

We're loving the new **Wella Ultimate Smooth Miracle Oil Serum** – a lightweight serum for instant smoothness and shine, with heat protection up to 230°C and UV shielding, usable on damp or dry hair.

Learn your hair type & easy hair hacks: wash based on oiliness, shampoo the scalp only, condition the ends, be gentle, protect from heat, use a diffuser when blow-drying, mask on the go, sleep in a **sleeping bonnet**, and tease for extra volume.

After cleansing with your favourite Davroe Shampoo, apply **Davroe Scalp Remedy Exfoliating Scrub** directly to the scalp using the precision nozzle. Section hair into 3–5 parts, apply evenly from front to back, and massage with fingertips or a **Davroe Scalp Brush** for enhanced exfoliation.
